

COREvalues™

12 CoreStyles™

Based on the online survey you took, you identified different Core Values which are found within the four Quadrants. Your top 2 quadrants are based on the values you chose. Whichever quadrant gets your highest score is primary, the next highest is your secondary and together they make your QUADRANT BLEND. So, for example, if your answers to the survey place you primarily in the Artistic Quadrant and secondarily in the Inspired Quadrant, then you would be a Trailblazer (AI).
