COREstyles™ | WORKSHEET

Your COREstyle™ is based upon your COREvalues™ and the quadrants within which they land. What are your top two quadrants (see Quadrant Blend), and what question does each quadrant ask?

Your COREstyle™ also has a Key Word. What is yours and does it resonate with you?

Engagement: *a desire to attract, hold fast, please, bind*
Enterprising: *a desire to undertake projects of importance or difficulty*
Ethereal: *a desire to explore the intangible, refined, or delicate*
Ethos: *a desire to explore the underlying sentiment of a group or issue*

Review the information at the bottom of the Top Five Values page, as well as the expanded definition of your COREstyle™. Which parts fit? Which parts don't?
